

Oasis Academy Johanna Class Newsletter

YN Little Rainbow Class: Summer 2, 2023

Dear parents and carers,

Welcome back everyone to the sixth and final term.

I cannot believe we are in the few weeks of the academic year. Time has flown by so quickly, but it has been great to get to know the children's personalities and see them flourish.

I know we will have a great end of year together and I wish all those children moving up to Red Class the best of luck.

Jeanette,
Class Teacher.

Our topics for this term are Transport, Buildings & Construction and Summer.

<p>Transport - Road, Rail, Air and Sea</p>
<p>Buildings and Construction</p>
<p>Summer, Pirates and Mermaids</p>

Communication and Language

Children will be learning to develop their vocabulary and speaking skills. They will also be using new vocabulary in full and complex sentences. They will be learning how to follow more complex instructions and will be listening in groups and as a whole class for longer periods.

Personal, Social, Emotional Development

We will be learning to listen more carefully towards others, especially as there are many class assemblies this term.

The children will be exploring how to be safe in school, at home and outside with their families. Our habits are being **Humble** and **Honest**.

Physical Development

We will be learning to:
How to use tools to build and different purposes.
We will be learning new skills for sports day events.
We will go for a local walk.
We will continue developing our fine motor skills.

Literacy

We will be learning to:
Try to name and label parts of vehicles.
We will learn initial sound like "sssss is for snake and Sara."
We will know that when we read and write we start from the left and move to the right. We may even recognise some words around us like names.

Understanding the World

We will be learning about vehicles past and present. We will also learn about how buildings are designed and constructed, and we will be learning about the changes from Spring to Summer.

Expressive Art and Design

We will be learning to build using different resources e.g. clay, junk modelling etc. We will be learning how to perform on stage for our assembly. We will learn how to become more accurate and intricate in our painting and drawings.

Maths

This term we will be consolidating on our number knowledge to 5 and above. We will be learning about sequencing events and days and months. We will learn some positional language.

Reminders

THURSDAY & FRIDAY - P.E. -

Please send your child to school in P.E. Kit.

LIBRARY BOOKS

We will be giving children the opportunity to change their books as often as they want - if their reading record shows they have read and shared the book at home. Please keep reading and talking about the books you choose at home. Can you find the words and pictures? Can you follow the words whilst your grown up reads?

Homework

Please continue to read a story every day with your child. Please help them develop a pencil grip and write their name, especially if they are starting reception in September.

Local Trip - helpers needed!!!

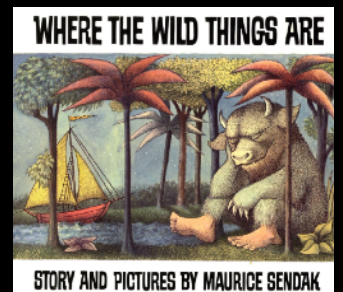

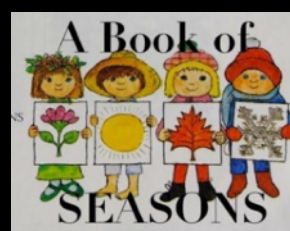

We have not been able to go on a trip yet, due to a lack of volunteers. I would LOVE to go on a local trip to Archbishops Park for a family picnic and play on **Tuesday 11th July in the afternoon.**

Our ratio is one adult to 2 children, so if we don't get enough helpers we cannot go anywhere! If you can offer to help, let me know as soon as possible.

We still have full and part time places in Nursery for September - if you know anyone who needs a place, please ring the office.

Top up to full time hours is only £10 a day.

Books we will be reading

Dates for Summer 2

Monday 5th June	School starts - term 6
Thursday 8th June	LITTLE RAINBOWS CLASS ASSEMBLY
Friday 23rd June	INSET DAY - school closed
