

Dear Johanna family:

February is here and our habit this month is Compassion. Children have been learning this week about putting themselves in the shoes of others - what would they do or think about our actions? We heard the story of the Good Samaritan and how a stranger of a different nation stopped to help an injured man, when members of his own clan did not stop but walked on by. We learned that everyone is important and we should think about what others are going through, not judge but help if we can.

Nursery places for Summer

We have a few nursery places left for Summer Term this year. Please put your child's name down now for their free 15 hours of nursery time and check with us about if your child is eligible for 30 hours of free nursery provision.

We welcome applications from parents and carers needing more bespoke timings - please make an appointment to see me to discuss how we can help with wrap around care and full/part time places.

Y5 Swimming next term

Y4 have enjoyed half a year of swimming now, so it is time for Y5 to go instead. Children will need to bring: swimsuit, towel and swimming hat (can be purchased for £4 from the school office).

Parent/Carer Permissions

Please see the updated permissions sheet attached to last week's newsletter. We need ALL parents/carers to complete this as soon as possible to ensure we have the right permissions for individual children.

I look forward to seeing your **'Dress to Impress'** outfits on Friday next week - bring in your £1 and help support children's mental health week together.

Reading Buddies

A few Year 5 students give up their lunchtime once a week to read with Bug Club.

Thanks to Reya, Omar and Othniel for being fantastic role models to our younger pupils and helping them practise their reading. You are making such a difference in our school and we are very proud of you!

Year 1 Bridges for King Charles

Year 1 Orange Class were designed a new bridge for King Charles to celebrate his ascension to the throne. They looked at how to make it sturdy and stable by analysing beam and suspension bridges, evaluated materials most suited to the job and finally designed their own bridge. The children worked as a team, were very proud of their accomplishments and tested their bridges to check they how much they could hold.
