

### Dear Johanna family:

Well done for using your 9 Habits of Patience and Compassion in this hot weather. Also for practising our habit of the month Humble by thinking of others before yourself.

### End of Term activities

Check out the diary dates section on the back page - don't miss out on any important events. We have got **The J-Factor** this year - auditions will be held week commencing 3rd July so get practising your act and come to impress. The finalists will all perform in front of a panel of judges and all our Johanna family on Monday 10th July 3.30pm in the school hall.

### September - times of the day

From September 2023, the government have said that all schools must open for 32.5 hours minimum each week. This includes registering the children. Talking with staff and a representative group of parents, we do not need to change our times but ensure that school starts promptly at 8.45am. Most children do come at this time and so is not a change for the vast majority of families. The gate and door times will not change: gate 8.40am and doors 8.45am. Teachers will take the register by 8.50am each morning, so children must come to school by 8.45am and get themselves settled quickly to work.

### Hotter Weather

Children have tried their very best in this warmer weather. Remember your sunhat, water bottle and to wear dark grey, smart school-shorts or summer dresses. Children can wear their PE kit instead if they do feel the heat.

### Class Photos

These can all be purchased online. Please check your email for the code.

### Healthy Eating Week

The firm favourites this week have been the Oaty Fruit Flapjack and yogurt smoothies. Well done everyone for trying new foods.

## Filming on Lower Marsh

Thank you to families for going around the filming work that has been going on this week on Lower Marsh. Perhaps you were lucky enough to see Jeff Stelling! Paul took this incredible shot of Jeff with our school sign just above his head - not sure that will make the final cut of what they were filming, shame! We will have to watch out for the advert when it comes out.

## Butterflies

Y1 have been watching tiny caterpillars grow bit by bit, turning into their chrysalis and eventually emerging as wonderful Painted Lady Butterflies. They released them on Wednesday so they could go and lay their eggs.

## Bikeability

Children in Years 5 and 6 have had the chance to develop their cycling skills last week. Two of our best riders had an extended ride out all the way to Vauxhall, Clapham Common and Buckingham Palace!

**School Closed**  
**Friday 23rd June**  
**INSET DAY**

## Attendance 94%

YR Red had 100% attendance this week - fantastic! And they had 0 lates. This is truly amazing, well done Red class and all your families. A great effort by Y1 Orange too with 98%.

Please ensure you have Wednesday 6th of September 2023 in your diaries - this is when we start the autumn term. The first few days are crucial in helping your child settle in their new class. Please take all holidays in the school holidays too.

	Class	Last week
R	Red	100%
Y1	Orange	98%
Y2	Yellow	90%
Y3	Green	96%
Y4	Blue	90%
Y5	Indigo	96%
Y6	Violet	96%
