## Leap Day Dance Party

Next Thursday is a Leap Day and we're delighted to be welcoming Speaker Box to the school to take part in our Leap Day Dance Party after school.

Children can wear their best active wear to school that day. We will be collecting a voluntary £1 donation that will go to Johanna Family Voice who are helping to fund the after school event.

It's set to be a great day where we can make the most of an extra day in the year.

*"We are ambassadors of art, our goal is to make the cities of the world dance."*

Speaker Box Street Party

## Safer Internet Assembly

Simon led a Safer Internet Assembly on Thursday where he hosted an online safety quiz for the whole school.

The importance of online safety is important to everyone these days as children become more tech savvy and have a wider access to devices at a younger age.

For more good advice, please sign up for the Safer Schools App. Our school code for parents and carers is 7440.

**Leap Day Dance Party**

**3.15 to 4.30**

**29th February 2024**

### Dear Johanna family:

Welcome back to the second half of Spring Term. Lots to look forward to this month with the Speaker Box Street Party next week and World Book Day the following Thursday alongside the usual trips and events around the school.

Year 2 and Year 5 are busy practicing for Lambeth Music Festival at the end of March which will be a great event for parents to come and see some of the hard work they've put in in music.

### World Book Day

Please remember that it's less than 2 weeks to World Book Day. Children are invited to come in book based costumes and join in the fun.

If you need any costume advice, the internet is packed full of ideas. This QR code has over a 100 great world book day costume ideas.

### Speaker Box Street Party

Just another aside here to try to get as many along to the Speaker Box Leap Day Dance this week

Follow this QR code to get an idea of what to expect on Thursday.

# UN Global Goals

This week, as a part of our Geography lessons, we have all been learning about the Global Goals for Sustainable Development.

We took part in the World's Largest Lesson to find out all about the 17 goals that will help us all to make the world a better place to live by 2030. We took some time to write post-it notes about how we can make a difference.

Every class will also be thinking this term about how they can be Change Makers and bring active change in reaching the Global Goals.

## Year 1 Holiday Homework

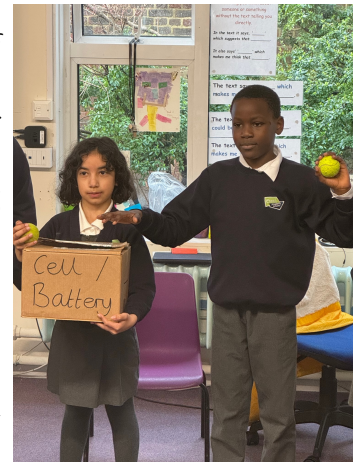

Homework is a great opportunity to engage with learning outside the classroom. We try to keep it fun and productive so children can enjoy doing things at home linked to school.

Year 1 children created some amazing rockets as homework last term.

## Year 6 Electricity

As I walk around the school, I often come across bits of learning that make me stop and watch. I walked in to year 6 this week to come across the whole class representing an electrical circuit. They were expertly passing tennis balls (which represented electrons) around the circuit and stopped when the switch was flipped or the battery removed.

## Attendance and Punctuality

**Overall attendance last week was 95%.**

The attendance trophy this week goes to Green class narrowly with 97.4%.

Last week there were 103 late marks and 13 hours and 4 minutes lost learning time.

	Class	Last Week
R	Red	96%
1	Orange	95%
2	Yellow	94%
3	Green	97%
4	Blue	94%
5	Indigo	91%
6	Violet	97%

## Key Dates

Date	Date
19th February 2024	First day of Spring 2 Term
